Sonu Lamba, DDS

"Stellar Kids Dentistry is a culmination of my passion for caring for children and my dream of starting my own dental office. My warm and nurturing way of caring for my patients is a reflection of being a mother of two young children. I truly understand the challenge of balancing a busy life, parenthood, and maintaining good oral health. I look forward to instilling value for one's lifelong oral health while sharing my love for delicious and healthy cooking with all our patient families!" – Dr. Sonu Lamba

Dental School: New York University

Residency: Harvard

Pediatric Specialty: Boston University

Spokesperson: Washington State Dental Association

Paul Kahlon, DMD

"I absolutely love being a pediatric dentist. I'm so grateful for the opportunity to provide excellent dental care with such warmth and caring. I truly enjoy getting to know my patients and their families, to see them grow, and to value their oral health. It is a thrill when I can guide a child through their first cavity filling appointment and see the proud look on parents' faces. I feel passionate about caring for every child as being so unique and special." – Dr. Paul Kahlon

Dental School: University of British Columbia

Residency and Pediatric Specialty: Boston University

President: Seattle Pediatric Dental Study Club

If you're looking for a dental practice that thrives on dedication to children, pediatric excellence, and a focus on prevention, you're in the right place.
